

Rehabilitation Services and Physical Therapy Insurance Benefit Verification Notice

Skyline Health understands that navigating health insurance coverage can be overwhelming and confusing. Before you make your first appointment, we strongly encourage you to contact your insurance company to clarify your insurance coverage as it relates to outpatient therapy (PT, OT, SLP). On the back of your insurance card you will find a phone number or website. Here are a few recommendations to make the process easier:

- To determine if Skyline Health is in your insurance network, please use the title “**Klickitat County Public Hospital District No. 2.**” This is our official title in the insurance industry.
- Notify them that Skyline Health Physical therapy is a “**hospital-based outpatient therapy facility,**” which is a department of Skyline Health.
- Ask if there is a difference in coverage for **hospital-based** outpatient therapy services vs **privately owned** outpatient facilities.

To help estimate the cost of your care, please ask about the following:

- Deductible amount
- Number of visits allowed
- Co-pay insurance amount
- Co-insurance amount
- Authorization requirements

I understand it is my responsibility to know my insurance benefits. By signing this form, I am indicating that I understand my insurance coverage for **Skyline Health Rehabilitation Services and Physical Therapy.**
